## Håndlavede...

og brændt i gammeldags kulfyret ringovn.

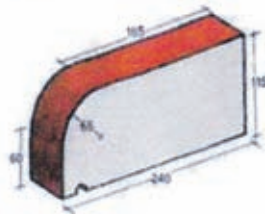

Fra det over 150 år gamle teglværk, Neue Ziegel-Manufaktur i Glindow i Tyskland tilbyder vi et sortiment af teglprodukter, der er fremstillet på traditionel håndværksmæssig vis, men med moderne kvalitetsstandard.

Efter original prøve (om nødvendigt kun fragmentarisk) eller i.h.t. tegninger fremstiller vi en bred vifte af formsten.

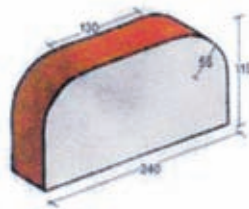

Alt efter styktal og form laves enten en skabelon eller et mundstykke til ekstrudering.

Overfladen er i korrekt farvetone, og er strøget eller glaseret.
